About Us

The Space Panda Study Centre is an initiative born out of compassion and purpose. Operated by young, driven individuals, our centre is built on the simple belief that **education is a right, not a privilege.**

We provide academic support to students who need it most—those who may not have access to quality learning environments or personal guidance.

What We Offer?

Subject-Savvy Mentorship

Our mentors are well-versed in their areas of study and bring enthusiasm, empathy, and energy to every session.

Affordable Learning for All

We charge nominal tuition fees to cover basic expenses and ensure sustainability—keeping education accessible, not commercial.

Safe & Supportive Space

A welcoming environment where students feel heard, encouraged, and empowered to grow.

Holistic Development

Beyond textbooks, we focus on mentoring, building confidence, curiosity, and character in every learner.
